Index to Volume 31

Achilles tendon, rupture
  bilateral after androstenediol use, 1007
  cartilage-derived morphogenetic protein-2 for improved healing, 555
  surgical repair and early rehabilitation, 692
  treatment, operative versus nonoperative, 685
ACL
  agonist, soleus muscle, 241
  deficient knee
    clinical and dynamic testing comparison, 68
    function, 560
    functional bracing, 99
    kinematics restored by ACL reconstruction, 75
    lateral thrust corrected by wedged insoles, 999
    long-term follow-up in team handball players, 981
    meniscal repairs, 216
  injuries
    associated injuries in male and female athletes, 601
    noncontact, risk factors, 831
  muscle forces, soleus muscle as agonist, 241
  reconstruction
    arthroscopic, use of postoperative drain, 419
    children, 949
    combined with meniscal allograft transplantation, 896
    compaction drilling of bone tunnel walls, 353
    comparison of anatomic and nonanatomic fixation techniques, 282
    comparison of techniques, 2, 12, 19, 564
    femoral tunnel contact pressure, 444
    flexor strength after hamstring tendon harvest, 522
    graft
      bioabsorbable interference screw fixation, 518
      biologic fixation, 345
      braided hamstring tendon, 714
      braiding and twisting of hamstring tendons, 861
      femoral attachment site, 174
      fixation, 174, 182, 353
      fixation with central four-quadrant sleeve and screw, 338
      incorporation in bony tunnel, 345
      patellar tendon versus semitendinosus and gracilis, 2, 12, 19, 564
      postoperative infection, 414
      reimplantation after infection, 414
      rotation, 708
      tibial attachment site, 182
    knee kinematics after surgery, 75
    long-term follow-up in team handball players, 981
    meniscal repair or meniscectomy for associated meniscal tears, 718
    patellar tendon, versus semitendinosus and gracilis, 2, 12, 19, 564
    postoperative
      drain, 419
      infection, 414
    skeletally immature patients, 941
  relaxin receptors in women, 577
  rupture, caused by thermal treatment, 164
  strain, rehabilitation exercises with compressive load, 701
  strength, hormonal influence, 210
  tear
    associated Salter-Harris Type III fracture, 783
    combined with medial collateral ligament injury, 261
Acromioclavicular joint, dislocation, reconstruction, 655
Adachi N, 345
Adams MJ, 874
Adolescent
  football injuries, risk factors, 974
  gymnasts, ischial apophysitis, 294
  rotator cuff tear in baseball player, 779
  shoulder, traumatic anterior dislocation, 758
  vertebral stress fractures, baseball players, 606
Ageberg E, 990
Agel J, 959
Ahlborg HG, 596
Ahmad CS, 221, 247, 332
Airaksinen OV, 680, 751
Akizuki KH, 648
Alexander JW, 338
Allen T, 660
Allograft
  knee, tissue regulation, procurement, processing, and sterilization, 474
  meniscus, transplantation with ACL reconstruction, 896
  sterilization, 474
  tissue, safe and effective use in orthopaedics, 791
Altchek DW, 203
Amrami KK, 112
An KN, 112, 399
Anatomy
  PCL, bundle lengths and orientation, 221
  posterolateral corner of the knee, 854
  shoulder, superior glenoid rim, 257
Anderson MA, 276, 974
Andersson G, 990
Andrews JR, 493, 621
Andriacchi TP, 68
Andrish JT, 601
Androstenediol, Achilles tendon rupture, 1007
Anesthesia, lateral ankle ligaments, sensorimotor influence, 498
Aneurysm, ulnar artery, soccer goalkeeper, 457
Animal studies
  dog, ACL, rupture after thermal treatment, 164
  horse, articular cartilage, treatment with radiofrequency energy, 386
  mice, medial collateral ligament healing, 660
  rabbit
    Achilles tendon rupture, 555
    patellar tendon, radiofrequency-induced shrinkage, 36
  rat, ligament healing, COX-1 inhibitor, 574
  sheep, ligament strength, hormone influence, 210
Ankle
  anterior talofibular ligament injury, anterior drawer test, 226
  braces, prevention of dynamic forced inversion, 935
  dynamic stability, effect of peripheral afferent alteration, 498
  injuries, mechanisms in soccer, 550
  inversion, prevention with bracing, 935
  lateral ligaments, sensorimotor influence, 498
  sprain, predisposing factors, posteriorly positioned fibula, 995
Announcements, 162, 330, 483, 640, 821, 1053
Anterior drawer test, anterior talofibular ligament injuries in the ankle, 226
Anterior talofibular ligament, anterior drawer test, 226
AOSSM society news
